What is First Octave?

First Octave is a sponsored program of the Portland Public Schools Foundation, one of the largest nonprofit organizations dedicated to education in Oregon. Together, they have created the First Octave Fund specifically designed to support music in our schools.

How does First Octave help music in our schools?

Portland Public Schools Foundation, in conjunction with the First Octave Fund, has initiated its premier grant program for Small Projects in Music Education. Grants from \$500 to \$5000 are made available to educators and community groups involved in Music and Arts Education programs.

Attend NXNW and support First Octave!

Scheduled August 20-22, the fourth annual NXNW Music Festival will attract more than 350 bands and solo acts from around the world to the Rose City. Appearing in 22 venues, NXNW gives Portland a unique opportunity to sample a wide variety of music by local and national artists.

As a proud sponsor of NXNW, during the month of August, Widmer will donate \$5 per keg and \$1 per case of Widmer Hop Jack sold in the Portland metropolitan area to the First Octave Fund. Also, NXNW will donate 50¢ per wristband to First Octave. So, check out NXNW, enjoy the music, enjoy Hop Jack and support a future musician.

NXNW Music Festival
